SLOGGERS & PODGERS

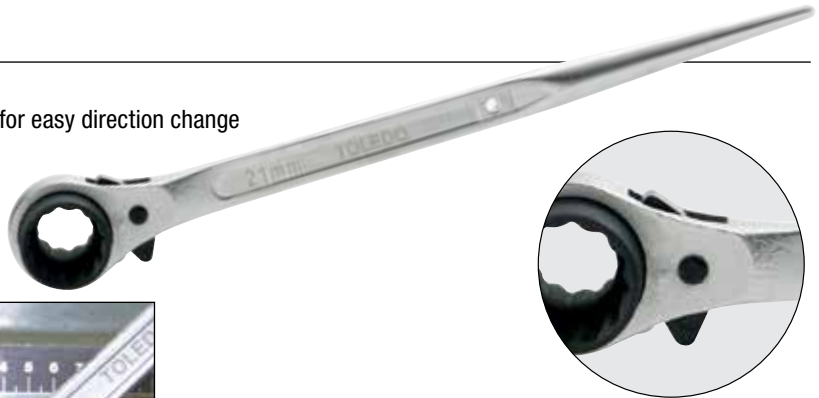

PODGERS & SLOGGERS

PODGERS

- Toledo podgers are designed and manufactured specifically for heavy duty and industrial use where extra leverage, size and strength is required
- Featuring a tapered end design for easy bolt hole alignment and either a ring, ratchet or dual drive opposing end
- Precisely machined to ensure production accuracy which maximises strength and safety during use

Ratchet Podgers Metric

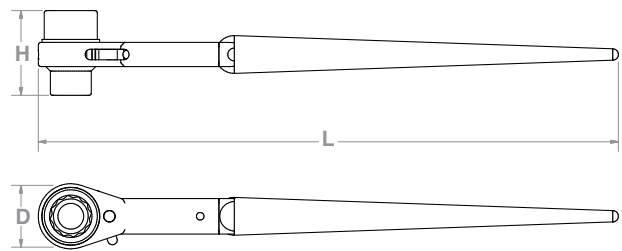

- Dual sized ratcheting socket – two sizes in one
- Reliable in-built reverse ratcheting lever function for easy direction change
- Ideal for use in applications with confined space
- Manufactured from premium quality drop forged chrome vanadium steel

In-built ratchet reverse direction lever.

Ratchet podgers: Aligns bolt holes easily.

Part No.	Size	Depth (D)	Length (L)	Height (H)	Weight

301242	46 x 50mm	88mm	500mm	74mm	2300g

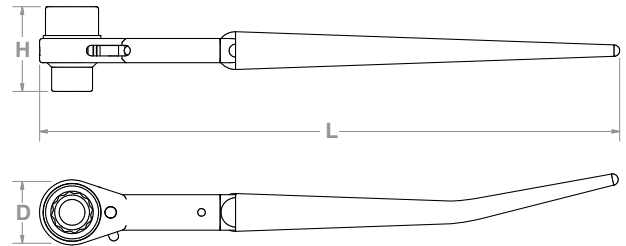

Ratchet Podger Scaffolders, Metric

- Uniquely designed option specifically for scaffolding applications
- Dual sized ratcheting socket 21 x 24mm – two sizes in one
- Reliable in-built reverse ratcheting lever function for easy direction change
- Manufactured from premium quality drop forged chrome vanadium steel
- Overall length: 240mm

Ratchet podgers: For extra leverage on fasteners in confined spaces.

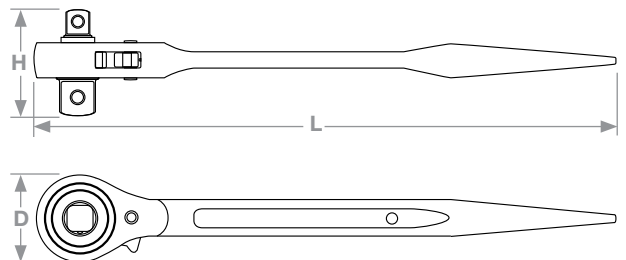

Part No.	Size	Depth (D)	Length (L)	Height (H)	Weight
301243	21 x 24mm	31mm	240mm	37.5mm	200g

Dual Drive Podgers

- Dual square drive heads
- Designed for scaffolding and steel work applications
- Heavy duty 32 tooth ratchet mechanism
- Features stress relief drive on all socket heads
- Manufactured from chrome vanadium steel with black oxide finish for additional corrosion resistance and durability

Two square drives in one ratcheting podger.

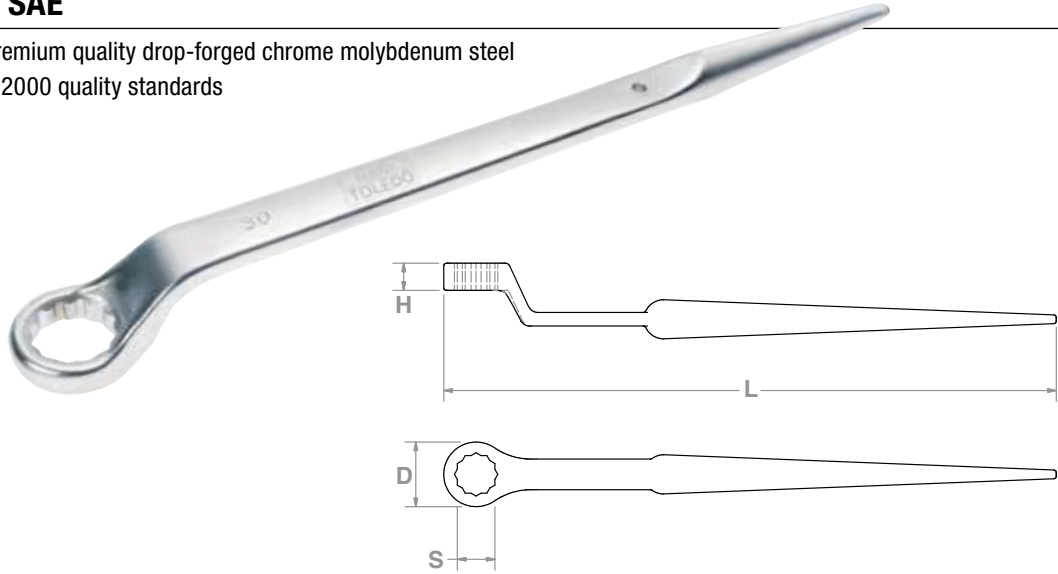

Part No.	Square Drive	Depth (D)	Length (L)	Height (H)	Weight
321020	1/4" x 3/8"	34mm	280mm	35mm	300g
321021	3/8" x 1/2"	42mm	315mm	47mm	500g
321022	1/2" x 3/4"	52mm	360mm	64mm	900g
321023	3/4" x 1"	55mm	450mm	71mm	1500g

PODGERS & SLOGGERS

Ring Podgers SAE

- Manufactured from premium quality drop-forged chrome molybdenum steel
- Conform to ISO 9001:2000 quality standards

Where extra leverage on tough fasteners is required. Aligns bolt holes easily.

PODGER ACCESSORIES

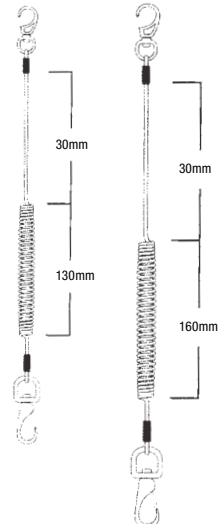

Security Spring Hooks

- Designed for securing tools when working at high levels such as roofs, scaffolding etc, to prevent loss of tools and downtime retrieving fallen tools
- Stainless steel wire, PU Coated
- Spring hooks attach to belt and tool to prevent tools from falling if dropped
- Available in 5kg and 10kg rated strength
- Supplied with small wire and ring to attach tool to body or fixing point

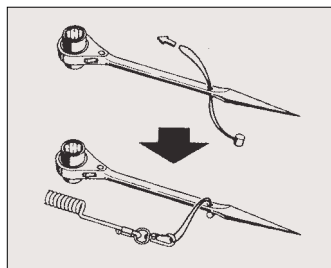

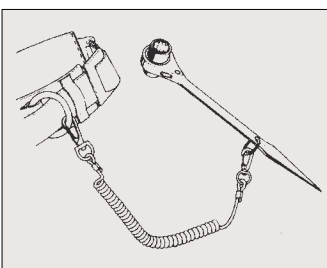

5kg
Load weight
Part No. 301907

10kg
Load weight
Part No. 301908

Part No.	Load Weight	Working Length	Maximum Extension
301907	5kg	430mm	1400mm
301908	10kg	600mm	1800mm

SLOGING WRENCHES

- Suitable for various applications such as ship maintenance, mining, piping and industrial applications where extra force is required to tighten or loosen large nuts, bolts and other fasteners
- One end features a socket or open ended wrench to fit the fastener and the other is enlarged to receive striking from a hammer etc.
- The shock of the striking impact is useful in cracking stubborn fasteners or tightening newly applied fasteners
- Toledo sloggers are recognised as the premium quality option on the Australian market famous for their strength, longevity, reliability and safety
- Each slogging wrench is individually reviewed and checked to ensure quality
- Available in flat or cranked style in both metric and SAE sizes
- Toledo sloggers conform to ISO 9001:2000 quality standards

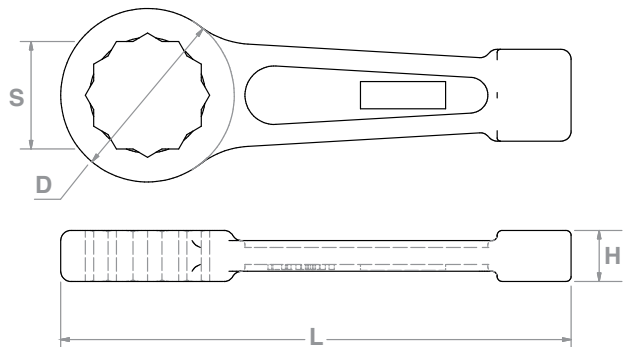

When using any slogging wrench always wear protective eye and head wear

Flat Slogging Wrenches Whitworth

- Heavy duty, premium quality

Sloggers: Ideal for loosening large nuts when extra force is required.

Part No.	Size (S)	Depth (D)	Length (L)	Height (H)	Weight

PODGERS & SLOGGERS

Offset/Cranked Slogging Wrenches Safety Version, SAE

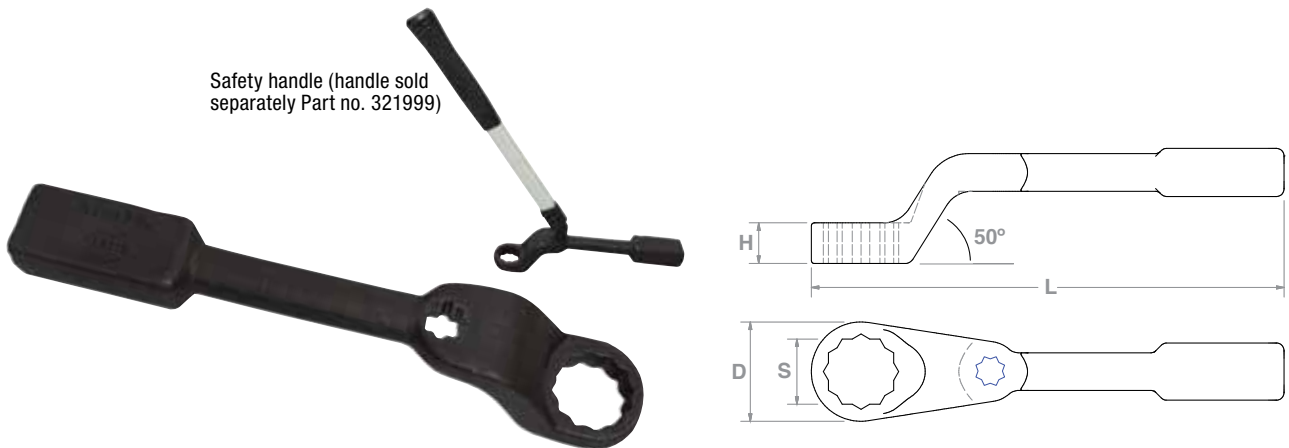

- Additional safety feature via the introduction of a safety handle that neatly slots into a hex hole which has been cut into the top of the bridge of the offset slogging wrench
- The safety handle (one size fits all) features a 1/2" square drive insert and is 400mm long. The purpose of the safety handle is to reduce the chance of injury around the striking area
- The handle offers the user the chance to stabilise the slogger whilst having their hands away from the impact zone. This reduces the chance for injury and gives the user peace of mind

Slogging Wrench Handle

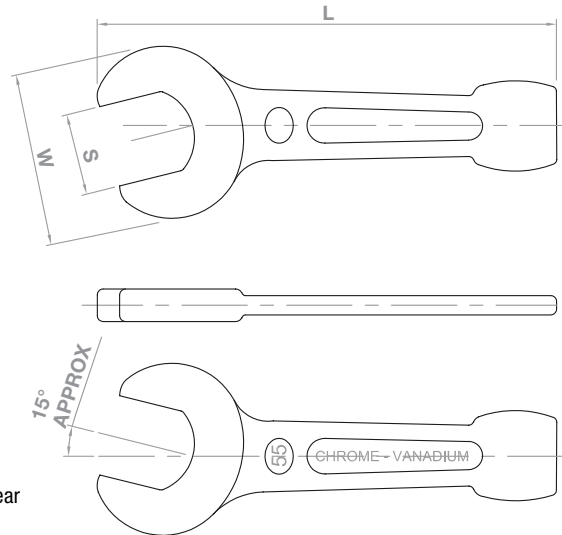

- Overall length: 400mm
- 1/2" square drive
- One size suits all

PODGERS & SLOGGERS

Open Jaw Slogging Wrenches Metric

- Suitable for various applications such as ship maintenance, mining, piping and industrial applications where extra force is required to tighten or loosen large nuts, bolts and other fasteners
- Manufactured from drop forged, hardened and tempered chrome vanadium steel with powder coated finish
- The shock of the striking impact is useful in cracking stubborn fasteners or tightening newly applied fasteners

When using any slogging wrench always wear protective eye and head wear
